

QDialog

```
classDiagram
    class QDialog
    class FindReplaceDialog
    FindReplaceDialog --|> QDialog
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'QDialog'. Below it is a box labeled 'FindReplaceDialog'. A blue arrow points from the 'FindReplaceDialog' box up to the 'QDialog' box, indicating that 'FindReplaceDialog' inherits from 'QDialog'.

FindReplaceDialog
